Brad,

If your response to being notified of Johnstone v Blanton being postponed to 25 March, implies your legal objection to any of the orders requested with regard to Radical Honesty culture respondents; please clarify the exact date by when you intend to file your objection brief to the court.

Re: crazy:

There is no concept such as 'crazy', 'insane' or a 'mental disorder' in the Radical Honoursty culture.

Other cultures are welcome to engage in calling their own cultural members 'crazy', 'insane' or to institutionalize dissenters for undefined alleged 'mental disorders'.

If or when you wish to accuse a member of the Radical Honoursty culture of being crazy, insane or to demand their institutionalization, based upon your cultural definitions of 'crazy'; you should provide clear definitions and evidence for your allegation; for the magistrate to evaluate your cultural allegation based upon evidence.

Re: bullshit and causing trouble:

In the Radical Honoursty culture if we legally accuse someone of 'bullshit' or 'causing trouble'; we provide evidence for our allegation.

I repeat: if your email response implies your legal objection to any of the orders requested with regard to Radical Honesty culture respondents; please clarify the exact date by when you intend to file your objection brief to the court.

Courtesy reminder:

GMC 4643-13 Johnstone v Blanton involves the following Radical Honesty respondents:

Radical Honesty (CEO) Respondents: Brad Blanton (1); Maggie Doyle (2);

Radical Honesty (Directors/Trainers) Respondents: Taber Shadburne (9); Greg Small (10); Marina Dervan (11); Clara Griffin (12); Raven Dana (13); Anne Alexander (14); Susan Campbell (15); Stephanie Roth (16).

Please note: Case GMC 4632 (Lara Johnstone et al v Brad Blanton et al) was postponed today by Magistrate Essel to 01 April 2014 for further negotiations.

Details:

The clerk had accidentally not taken note of Magistrate Engelbrecht's 04 February postponement to 25 March 2014, and hence the case was accidentally not placed onto the docket for today.

The clerk took me to Magistrate Essel's chambers, who said he would (a) go through the case docket; (b) accepted my preliminary orders draft; and (c) postponed the matter to 01 April 2014.

The preliminary orders draft is attached ([PDF](#)): It is an order requesting [1] Leniency of Court Procedure's for applicant and any respondent representing themselves; [2] Confirmation of Electronic Service to Biological family respondents: (5) Graeme Henry Johnstone ; (6) Wendy Johnstone/Nelson ; (7) Andre Bosman Johnstone; and (B) Radical Honesty Trainers respondents: (9) Taber Shadburne; (10) Greg Small; (11) Marina Dervan; (12) Clara Griffin; (13) Raven Dana; (14) Anne Alexander; (15) Susan Campbell; and (16) Stephanie Roth.

Please note: Case GMC 4643 (Johnstone et al v Blanton et al) is awaiting Magistrate Essel's Referral Order to the High Court.

Details:

On 01 April Magistrate Essel stated that the Magistrate Court did not have declaratory order jurisdiction on foreign nationals or south African nationals on foreign soil. The matter

would need to be referred to the Regional or High Court, but he was not sure whom; and referred me to the Magistrates Court Clerk: Sarita.

Sarita discussed the matter with the Regional and High Court Clerks, and confirmed that the Regional Court does not have declaratory order jurisdiction over foreign nationals; only the High Court does. I asked Sarita to ask Magistrate Essel to issue a referral order, referring the matter to the High Court. She agreed, and will contact me next week, as soon as Magistrate Essel has issued the referral order to the High Court; whereupon I shall re-file the matter with the High Court.

I will not be filing this matter with the high court. Don't have the energy or the finances.

If the other applicants wish to take the matter further with Brad Blanton, RH Trainers and the Radical Honesty culture; they are welcome to do so.

As far as I am concerned I have done all I can to attempt to resolve the complaints I had with you (Brad, trainers and the Radical Honesty culture). It appears none of you give a damn; so I have concluded that you are not sincerely interested in resolving any of the issues in dispute.

If you change your mind someday in the future, let me know.

Till then, if ever.

Thanks, but no thanks. I don't care what Brad has posted where. If Brad has anything to say to me, he can say it directly to me in an email. If he wants to engage in cryptic online plausible deniable bullshit the public relations with you, he is welcome to do so. I am not interested.

My experiential working hypothesis conclusion: The chances of Brad Blanton engaging in an honest sincere one on one conversation with me, are 0.0000000000000001%.

As I have told you: Brad Blanton is interested in a bullshit the public relations conversation with anyone whom can improve his parasite status. If you want to engage him in some bullshit the PR conversation; do so. I am not interested.

"I don't care if he is a Navy JAG lawyer. You will not f**k another black man in my house" – Brad Blanton to Lara Johnstone, 1999; while Lara was living in Brad's home and dating an African American Navy JAG Lawyer.

To Brad all sexual intimacy is 'f**king'; no such thing as 'making love'. I don't know if Brad has ever made love to anyone, or loved a woman; or what his definition of love is. Ask him. What he does care about allot is fucking. Anyway, that's his choice. You want to talk about f**king; Brad's your man.

I ain't met a liberal who thinks non-europeans are capable of controlling their genitals and breeding below carrying capacity. I have met non-europeans women who grew up in tin shacks, who maintained their virginity until their mid to late twenties, one until her marriage night. So I don't share liberals point of view about non-europeans inability to practice procreation discipline, if they want to.

I am interested in a conversation with anyone whom is sincere and interested in root cause problem solving. Brad Blanton and the Radical Honesty cult do not care about root cause problem solving and they definitely do not care about a conversation about root cause problem solving. And they most certainly do not care about the content of a persons character, as the primary valuation of judgement of another human being.

I repeat: If the other applicants wish to take the matter further with Brad Blanton, RH Trainers and the Radical Honesty culture; you are welcome to do so. Knock yourselves out.

In my opinion; you are wasting your time; which you are entitled to do. But I ain't interested in wasting anymore of my time on Brad Blanton and his little self deception and bullshit the public Radical Honesty (sic) cult.

Leave me out of it. Anyone who wants to enter into a conversation with me, can send me a non-cryptic email.

Sometimes you just gotta let go, particularly if you have made a sincere effort to engage an individual/s in a particular conversation, and they clearly have no interest in such conversation.

A conversation with someone who is sincerely interested in truthseeking is difficult enough; and involves a huge amount of active listening, as it is. A conversation with someone who has zero interest in truth seeking and is only interested in protecting his fragile parasite ego; is a waste of time.

See also my thoughts on whether your ***Bullshit the public PR Cryptic crap communication process*** works or not.

Brad and Radical Honesty Trainers,

RE: FBI Fraud complaint and GMC 2578-14: Lara Johnstone v Frode & Talitha Moe

As you are well aware:

- You refuse to hold yourself personally responsible by engaging in person to person simple justice laypersons dialogue to resolve any of the allegations made against yourselves in the **Declaration of Former Radical Honesty village idiot, Lara Johnstone, in support of Complaint of White Collar Fraud against Radical Honesty Cult Founder: Dr. Brad Blanton (VA), Master Trainer: Taber Shadburne (CA), Corporate Trainer: Greg Small (CA), Trainers: Dr. Susan Campbell (CA), Raven Dana (OH), Clara Griffin (VA), Stephanie Roth (CO), Marina Dervan (KY)** ([PDF¹](#)); prior to or since the filing of [GMC 4643-13²](#) proceedings;
- I cannot afford to pay the Sheriff and/or court service fees to hold you personally responsible by means of a court coercion order that you resolve the aforementioned allegations in any South African civil court.

On 22 May 2014 an application was filed in George Magistrates Civil Court against Frode and Talitha Moe; for the following orders: (I) Invocation of Cultural Law and Habeus Mentem Cultural Psychological Integrity Declaratory Order; (II) Declaratory or Referral Order re: Issues in Dispute.

From Case [GMC 2578-14³](#): Founding Affidavit ([PDF⁴](#)):

“23. Applicant’s psychological integrity is an aspect of applicant’s identity and considered a form of identity property. It is extremely difficult if not impossible to make a living, let alone a radical Honoursty honest living in a world where an individual’s psychological integrity – the foundation of their character – has been assassinated and exterminated by allegations of ‘insanity’ or ‘mental disorders’. When family members engage in the character assassination of one of their own family members, particularly without providing any evidence for their character assassination allegations; thereby destroying such family member’s ability to make an honest living; then such family members have a responsibility to either (a) provide evidence for their character assassination insanity allegations; or (b) apologize and do what they can to fix their role in assassinating their family members character and robbing them of the ability to make an honest living; or (c) provide for alternative socio-economic living arrangements for their alleged ‘insane’ family member to make a living and survive.”

Frode and Talitha Moe have notified the court, via their attorneys: Millers Attorneys, that they (a) intend to oppose the application; and (b) Filed a notice in terms of Rule 55(g)(iii).

Needless to say Frode Moe is not the only person who has made intercultural insanity allegations against me; and if he is unable to provide the court with sufficient evidence substantiating such intercultural insanity allegations, and is to be held financially liable for his cultural defamation allegations; then he should hardly be the only person to be held so culturally responsible.

It is well known by the individuals who have made such public overt or plausible deniable covert intercultural allegations of ‘mental disorders’ and ‘insanity’ against me – from George Magistrate Court prosecutors, George community lawyers, other members of my own family, South African Psychologists and journalists, Radical Honesty Community leaders and Patricia de Lille – that they (a) have refused to answer my repeated civil requests for them to provide evidence for their allegations or withdraw such allegations; and (b) that as a result of my ecologically literate responsible cultural practices; I personally cannot afford

18 July 2013: Complaint to SA Press Ombudsman: Complaint of SAPA & SA Media Editors conflict of interest discrimination endorsement of AnthroCorpocentric Patriarchal Dominant culture/s Cultural and Gender discrimination, against Ecocentric Gender Balanced Radical Honoursty culture member ([PDF](#)⁶)

[2] The South African media refuse to inform South African citizens that there is a South African citizen member of the Radical Honoursty culture, who has been denied legal representation by South Africa's Law Societies and Bar Associations for the past 12 years.

Appeal from Radical Honesty culture to Chair of CRL Rights Commission: Rev. Dr. Mabuza: "Request Confirmation CRL Rights Commission Chairperson: Mr. Mabuza endorses Mrs. K. Makgoba's Ruling authorizing (a) the CRL Rights Commission's and SA Legal establishment's endorsement of the denial of cultural legal representation, and access to courts, to members of the Radical Honesty culture, and (b) the South African Media's discrimination against Members of the Radical Honesty culture, by refusing to report the fact that a South African citizen member of the Radical Honesty culture, has been unable to find a lawyer to represent her, as a member of the Radical Honesty culture, for the past ten years, and in a current case before the Constitutional Court." ([PDF](#)⁷)

As repeatedly stated verbally and in writing: applicant has no objections whatsoever to any truthseeking enquiry into any allegation and evidence that applicant has any alleged mental disorder, according to any non-radical Honoursty culture's legal 'mental disorder' definition. Nor shall applicant be offended, should the GMC 2578-14 respondents wish to assert such allegation as a culturally subjective working hypothesis conclusion for the court's truthseeking enquiry.

From Case [GMC 2578-14](#)⁸: Founding Affidavit ([PDF](#)⁹): Annexure: C:

"I have no problem whatsoever seriously enquiring into the possibility that I may be 'crazy' or 'insane', although I am not aware that psychology is an exact science. If I am insane, I require any conclusions about my alleged insanity to be proven upon scientific evidence, not theoretical dogmatic 'conformity wonk' thumbsucking. So I require any psychologist that I see to clearly and succinctly provide their particular definition for 'sanity' and 'insanity' prior to our discussion; and additionally to be willing to consider the possibility that should they fit their own definition of insanity; to order their own institutionalization. My definition of highly evolved sanity is the ability to take personal responsibility for my thoughts, actions, decisions no matter how politically incorrect they may be perceived by some conformity wonk, etc;

including the honourable capability to admit when I have erred. I have met many very strange people with very strange ideas, but I have never been willing to conclude that any of them are to be classified legally 'insane'; only that their minds have been hijacked by memplexes at lower level of belief consciousness."

If you wish to take honourable personal responsibility for your former refusal to clarify and amend your 'mental disorder', 'crazy' or 'insanity' allegations; you may appoint your own attorney (or contact the respondents to enquire whether you may join their case and share their attorneys costs) or personally file an application (Rule 55: Applications) in terms of the Magistrates Court Rules of Court [DoJ¹⁰: 23 Aug 2010: Rules regulating the Conduct of the Proceedings of the Magistrates' Courts Act of South Africa (PDF¹¹)] to be joined as a respondent in these proceedings (Rule 28: Joinder); to provide evidence to the court for your allegations and take the matter to trial; or alternatively you may publicly apologize and do what you can to make amends (Rule 18: Offer to Settle).

Should you fail to do so: applicant has no objections to GMC 2578-14 respondents requesting your inclusion as a respondent; or to subpoena you in whatever capacity they subjectively deem appropriate in support of their attempts to either prove their allegations; or if so ruled by the court to recover their costs from individuals they consider equally responsible for their damages costs.

Did Dr. Blanton transparently inform you; or withhold from you the following ‘taboo’ information about his [ego-footprint](#)³¹ ‘reputation’:

- A complaint of [White Collar Fraud](#) was filed with the FBI against Dr. Blanton and his ‘[Radical Honesty](#)’ trainers³².
- Unlike Dr. Blanton’s facebook ‘[Fuck the Supreme Court](#)’³³ posturing; when it comes to the opportunity to really stand in front of the Supreme Court Justices and practice ‘radical honesty’; Dr. Blanton’s appetite for honesty disappears – sorta like MH370 over the Malaysian Architects Fly-By Triangle, or Dr. Blanton’s fellow ‘End World Hunger’ bullshitter extraordinaire Werner Erhard’s [Landmark Education’s acknowledged association to their employee Darren Mack after he snapped and went on a murder and assassination spree](#)³⁴ – Dr. Blanton refuses to support an application to the Supreme Court to support the legal establishment of Radical Honesty as an officially protected culture and religion³⁵.

Radical Honesty: Responsible Freedom -v- Occult ‘Fuck Responsibility’ Slavery Freedumb:

A significant amount of Radical Honesty practices are based upon, or similar to, Mr. Werner Erhard’s Landmark [mass merchandising of the responsibility equates to mental health assumption](#)³⁶. Allegedly much of Radical Honesty training, and the Landmark training is about learning to be honest; so that you are able to [take personal responsibility](#)³⁷ for your thoughts, actions, and life.

How honest is Dr. Blanton about Radical Honesty’s Masonic Phallic War is Peace ‘avoid ecological literacy responsibility’ origins?

Scientologists accuse Werner Erhard of having stolen his main ideas for est from their founder, former Naval Intelligence officer: L. Ron Hubbard.

L. Ron Hubbard, the founder of Scientology, considered himself an heir to Crowley’s so-called satanic empire, including ‘Do Crowley’s The Book of Law; with its “Do what thou wilt shall be the whole of the Law’ Maxim.

Crowley, Parsons and Hubbard worshipped Satan; conducted secret Black Masses; practiced Sex Magick, and sadistic (i.e. non-consensual) fantasies. Crowley practiced non-consensual human and animal sacrifices. Among Crowley’s papers, there was a description of tying a Negro to a tree, cutting a hole in his stomach, and then inserting his penis.[Wilson, Colin, Aleister Crowley, The Nature of the Beast, The Aquarian Press]

“When The Mason learns that the Key to the warrior on the block is the proper application of the dynamo of living power, he has learned the Mystery of his Craft. The seething energies of Lucifer are in his hands and before he may step onward and upward, he must

prove his ability to properly apply this energy.” -- Manly Palmer Hall, *Illustrious: the Lost Keys of Freemasonry* page 48

My interpretation of Mr. Hall’s ‘seething energies of lucifer’ are the psychological warfare art of manipulating and coercing men and women to overbreed and overconsume, to thereby aggravate inter-racial, cultural, religious and national resource war conflict, and the ability to divide and conquer people’s, for the profit of the ‘warrior’, to ‘step onward and upward’; as he ‘proves his ability’ to apply this breeding war and consumption war energies.

Put differently, the ‘seething energies of lucifer’ are no less than the phallic justification for profiting from aggravating and perpetuating deliberate organized violence, without the consent of the recipients of the violence.

“Civilization, very fundamentally, is the history of the domination of nature and of women. Patriarchy means rule over women and nature... “Civilized Man says: I am Self, I am Master, all the rest is other — outside, below, underneath, subservient. I own, I use, I explore, I exploit, I control. What I do is what matters. What I want is what matter is for. I am that I am, and the rest is women and wilderness, to be used as I see fit.” – John Zerzan, *Patriarchy, Civilization and the Origins of Gender*

What is the level of Dr. Blanton’s ‘responsible’ support for Ecology of Peace ecological and egological literacy responsibility?

Brief Summary of 'War is Peace' (WiP) history and humanity's current EoP -v- WiP Options:

1. Earth is not flat
2. Resources are not infinite
3. When humans breed or consume above ecological carrying capacity limits, it results in resource conflict.
4. War is Peace (WiP) history: either:
 - a. Religious and political leaders ignored facts (1) (2) & (3); choosing instead to bribe their tribes members to believe it is their 'inalienable [freedumb slavery] right' to breed and consume above carrying capacity limits; as they embark on the totalitarian agriculture motivated beyond retardation (motarded) ratrace to choose to join one or other ideological, religious, racial or cultural tribe to engage in resource war thieving to accumulate more resources to grow their tribe to enable it to protect itself from another tribes organized violence resource war thieving, and/or;
 - b. Anti-war Ecology of Peace religious and/or political leaders did inform citizens of ecological literacy reality that sustainable world peace; requires implementing an international law social contract that confronts facts (1) (2) & (3); that requires all humans to breed or consume below carrying capacity; but either: (A) citizens were too greedy to breed and/or consume as much as they want; and so nobody listened to such anti-war Ecology of Peace to support the voluntary non-violent implementation of an Ecology of Peace international law social contract; and/or; (B) not enough Generals and soldiers were willing to collectively support such Ecology of Peace principles and demand by force if need be that their civilian political, religious and legal leaders enact a sustainable world peace social contract.
5. Current EoP –v– WiP NWO reality future: Humans have now bred so much, and consumed so much of the earths finite resources, that humanity is now between **700 and 400,000 % over carrying capacity limits**³⁸, which means either:

³⁸ <http://tygae.weebly.com/ecological-overshoot.html>

- a. Ecology of Peace (EoP) NWO: Humans find a way to [legally implement an Ecology of Peace international law social contract that enables orderly and humane reduction of population and consumption](#)³⁹: (A) Voluntarily by civil society who support political and military leaders to legislate such an international law social contract into law transparently and democratically; and/or (B) Involuntarily by politicians who legislate such international law social contract into law in secret; and/or (C) Involuntarily by military force; either as coercive pressure on civil society, legislative authorities, or ultimately as a [military necessity](#)⁴⁰ [coup d'etat](#)⁴¹; or
- b. War is Peace (WiP) NWO: Armageddon collision of humans overbreeding and overconsuming with ecological finite resource reality: and mother nature uses death, pestilence, famine, war on an unimaginable scale to very violently reduce human population and consumption.

Dr. Blanton says at around the 27:00 mark of your podcast, and in his [workshops](#)⁴² and books that 99% of human conflict is a result of conflicting interpretations of reality.

Werner Erhard on the root causes of world hunger: Mother Jones: "What forces caused hunger in the first place? Erhard is vague about this. "Call them political forces, if you like," he advises generously. "Study the political forces and you will see that hunger and starvation on the planet are the inevitable result of those forces... If you don't like the politics, do it with economic forces. If you don't like the economics, do it with sociological forces. Psychological forces. Philosophical forces. Or if you prefer, a combination of them."" – [Let them Eat Est](#)⁴³, pg.42

Get it?

Human conflict and poverty has absolutely fuck all to do with unequivocal scientific reality of (1) earth is finite; (2) resources are finite; (3) when humans breed and consume above carrying capacity limits, this results in resource depletion (i.e. resource poverty) and resource conflict.

Dr. Blanton was [invited](#)⁴⁴ to support the EoP PoW Geneva Convention Amendments submission to implement an international law social contract that requires all the worlds citizens to restrict their breeding and consumption to ecological carrying capacity limits. He did not respond. What do you think 'radical honesty' Brad Blanton and his 'radical honesty' trainers answers would be to the following [MILED EoP PoW Geneva Convention Amendments](#)⁴⁵ submission's 'race relations' expert questions ([PDF](#)⁴⁶); submitted to various race relations and disclosure experts worldwide:

1. Are you a Flat Earther, Fundamentalist or Mi\$ery Para\$ite?
2. If Not: Are you a 'anti-racism/ anti-White Supremacy / anti-Colonialism / anti-Imperialism / anti-Zionism' liberation struggle 'freedom fighter' activist or academic; who has publicly confronted, exposed and advocated on behalf of eliminating the ecological root – overpopulation and overconsumption of carrying capacity limits –

Brad and Radical Honesty Trainers,

RE: Update: re: FBI Fraud: L Johnstone v Brad Blanton & RH Trainers and GMC 2578-14: Lara Johnstone v Frode & Talitha Moe

Summary of Update:

On 06 and 07 July 2014 you were notified of the 22 May 2014 application filed in George Magistrates Civil Court against Frode and Talitha Moe; for the following orders: (I) Invocation of Cultural Law and Habeus Mentem Cultural Psychological Integrity Declaratory Order; (II) Declaratory or Referral Order re: Issues in Dispute. The correspondence included suggestions for resolving the similar psychological integrity issues in dispute between myself and yourselves; by providing evidence to the court for your allegations; or to find alternative resolution for the issues.

Unbeknownst to applicant, who only found out about this issue in detail after the 08 July 2014 court hearing; on 27 May 2014, Dr. Frode Moe had filed an irregular document into the GMC 2578-14 court record (without serving it on the applicant); wherein he stated:

As you can see on [Lara J] file to this case, her mental state is a central point from her side and even more from my side. It is correct that I have used the term mental disorder and borderline psykosis as a diagnosis on her mental disturbance in discussions with Lara J and her parents. These statements I am willing to defend in court. However I will ask the court to read through Lara J's file to this case 2578-14 and also the almost 80 pages she filed to the civil court case 4643-13. By reading so I think most people can easily see that these files are produced by a mental disturbed person. So THE MAGISTRATES CIVIL COURT CAN NOT LET A MENTAL DISTURBED PERSON SET THE CONDITIONS FOR THE COURT CASE. The

CLERK OF THE CIVIL COURT must do the administration and (1) answer my request for a postponement; (2) give me instructions of what minimum of papers you need from my side to continue. .. However I have to pinpoint to the court that this case involves entirely the closest of Lara J relatives directly and as witnesses. A courtcase can not do anybody good and possibly do lot of [h]arm for both sides. So to my opinion this case has nothing to do in a court. So I will ask the Magistrates civil court to consider this and treat this case at the lowest possible level of justice.

From 09 July to present, via Notice in terms of Rule 17(2) and 30(2) 2473 applicants requested Dr. Moe and his attorneys to either (a) withdraw the irregularly filed document; or (b) authenticate it as their legal intentions in this matter, by filing it properly served upon the applicant, allowing the applicant to respond to Dr. Moe's allegations.

Specifically Dr. Moe was requested to clarify whether his 'mental disorder' allegations against myself were: (a) temporary angry outbursts and/or suppressed cultural anger, (b) a psychological resource thieving warfare allegation from members of a [Masonic War is Peace culture](#)⁵³ against a member of an [Ecology of Peace culture](#)⁵⁴; (c) Blind academic and cultural [obedience](#)⁵⁵ to parasitic War is Peace Flat Earth pseudo-scientific [fraudulent](#)⁵⁶ [political psychiatry](#)⁵⁷ authority; (d) a legal allegation based upon Ecology of Peace finite earth and resources scientific evidence; (d) [psychotronic mindcontrol manipulation](#)⁵⁸ by military intelligence agencies; or (e) some other explanation.

Dr. Moe and his attorneys refused to withdraw or authenticate their 'mental disorder' allegations. Applicants contacted Dr. Moe's medical practice licensing organisation and his attorneys legal practice licensing organisation; respectively the Norwegian Medical Association and the Cape Law Society; requesting that they kindly inform their members that the destruction of intercultural protected cultural property is conduct prejudicial to the maintenance of inter/intra cultural good order and discipline.

Furthermore if their War is Peace culture members Dr. Moe and his legal representatives assert that their allegations of individuals from other cultures to be suffering from 'mental disorders' is based upon scientific evidence, as opposed to cultural dogmatic beliefs about 'normality', and have any scientific based evidence for any alleged 'mental disorder' of any individual from any culture other than their own War is Peace culture's, they should honourably provide their legal scientific definitions, and their inter-cultural scientific evidence in an inter-cultural court of law; or if they consider themselves honourable: to retract their statements.

Finally if their respective members 'mental disorder' allegations were statements about Dr. Moe and his representatives legal intentions; to:

1. Inform the Acting MILED Clerk by of the organisation or arbitration body and such organisations specific juridical individual whom their respective medical and attorneys members approve of as an impartial arbitrator to resolve this matter, based upon scientific evidence; including proof of the said individual's intercultural commitment of being willing to listen to, and impartially consider the evidence and arguments of an individual from an Ecology of Peace culture.
2. Take Notice that MILED Clerk Applicant is willing to accept and consent to the arbitration jurisdiction of the following South African juridical officials who although

There was no response from Dr. Moe, his attorneys or their respective medical and legal practice licensing organisations.

As detailed to Mayor of Capetown: Mrs Patricia de Lille on 15 July 2014: Unfortunately; pending the US and RU Ambassadors appointing a replacement EoP Clerk/s; these unresolved psychological integrity allegations and related Iatrogenic Origins of AIDS, population policy and psychotronic issues; are now of direct [relevance⁶¹](#) to the [Ecology of Peace Prisoner of War Amendments to the Geneva Convention submission⁶²](#) to the Swiss Federal Council.

Among others the correspondence deals with Dr. Blanton and Mr. Werner Erhard's, respective Radical Honesty and Landmark [mass merchandising of responsibility equates to mental health assumption⁶⁵](#); where they teach that the essence of mental health is about learning to be honest; so that you are able to take personal responsibility for your thoughts, actions, and life.

Consequently if we are to follow Dr. Blanton and Mr. Erhard's advice and take personal responsibility and be brutally honest about the roots of human conflict and poverty; should we conclude that:

- Human conflict and poverty is a direct result of the unequivocal scientific reality that (1) earth is finite; (2) resources are finite; (3) when nations constitutions and international social contract jurisprudence peace treaties allow humans to breed and consume above carrying capacity limits, this results in resource depletion (i.e. resource poverty) and resource conflict; or,
- Human conflict and poverty has absolutely f**k all to do with unequivocal scientific reality of (1) earth is finite; (2) resources are finite; (3) nations constitutions and

If the former is correct. According to Dr. Blanton and Mr. Erhard's taking personal responsibility = mental health assumptions; I would be the epitome of mental health; those who accuse me of 'mental disorders' would have severe mental health problems; in terms of their failure to take personal responsibility for reality.

Radical Honoursty (RH) culture Ecology of Peace (EoP) Info & Perspective on Disclosure of OKC Bombing | McVeigh Faked Execution.

Mr. Tracy: I found your interview of Mr. Emery, via: TT: [Official Public Discourse in America: Censorship and Orwellian “Double Think”, “Publicity of the Unspeakable”⁷¹](#) »
MHB: [Interview with Chris Emery: Producer of Noble Lie⁷²](#).

Since 2001 I have contacted numerous individuals to provide them with detailed information OKC bombing provided to me by my friend Mr. Timothy McVeigh’s OKC bombing US Army Special Forces commanding officer.

As brief as possible:

In April/May 2001 I corresponded with Mr. McVeigh, while he was at Terre Haute death row.

Among others my correspondence included my opinion that I thought the trial was a fuck up, and nowhere near what could be termed ‘free and fair’. So-called ‘right wing racist bigots’ in Apartheid, provided left wing commie terrorist, Nelson Mandela with a ‘free and fair trial’ (at least according to my interpretation of Masonic War is Peace jurisprudence social contract principles) to a far greater degree; than was provided to Timothy McVeigh [and even less so by those rabid left wing Norwegian bigots did for Anders Breivik; which quite frankly was nothing more than a Stalinesque Political Psychiatry show trial.] I also wrote an article, published in Race Traitor: New Abolitionist: [Timothy McVeigh and Me⁷³](#); originally titled “[I was, and still am, a co-conspirator in the Oklahoma City Bombing⁷⁴](#).”

⁷¹ <http://truthseeker2473.blogspot.com/2014/08/official-public-discourse-in-america.html>

⁷² <http://memoryholeblog.com/2014/08/09/interventions-in-public-knowledge-and-memory/>

⁷³ <http://racetraitor.org/printjournal.html>

⁷⁴ <http://jagia-07146.blogspot.com/2008/09/okc-bombing-conspiracy-i-was-and-still.html>

I also requested whether Mr. McVeigh would be willing to consider delaying the execution, and meeting the OKC Bombing victims in an unrestricted brutally honest disclosure as to his motives; for both parties to get closure. I suggested it be done in accordance to the culture I was then a member of: Radical Honesty culture; led by Dr. Brad Blanton. At that time I naively believed the people in the Radical Honesty community really were sincerely interested in being radically honest, and creating a radically honest world of transparency. Mr. Blanton had a minor fit, ranting about Mr. McVeigh being a dumbfuck right wing nutjob, whom he wanted fuck all to do with. Mr. Blanton was also invited by me to meet with Anders Breivik and provide the court with an honest Radical Honesty culture opinion as to Mr. Breivik's sanity, and Mr. Breivik's habeus mentem right to legal sanity. Mr. Blanton refused.

In October/November 2001 I met Mr. McVeigh's US Army Special Forces commanding officer in Phoenix, Arizona. He spent a few days with me traveling around in my VW camper, answering my questions about Tim and the OKC Bombing. He told me how the original plan had been for McVeigh to take responsibility for the bombing, and the other bombers, including himself – John Doe #3 – had been ordered to 'disappear' by the Pentagon. He had met McVeigh on the 4th of July weekend, of 2001 (two weeks after McVeigh's alleged execution), where McVeigh had informed him about how the faked execution had been done, and other stuff.

It was my working hypothesis conclusion that Mr. McVeigh's ultimate personal motivations, if he was given the opportunity for a free and fair trial, he would plead to military necessity based as a modern day John Brown [GV⁷⁵ | OoF⁷⁶ | NY⁷⁷] cannon law debt-slavery abolitionist [Birth Certificate Truth⁷⁸: Uniform Commercial Code (UCC) and Vatican Canon Law, of the Roman Canon Law foundation for birth certificate slavery. | You don't own yourself; the Federal Reserve does⁷⁹ | US Citizens & Their Property Collateral for US Debt⁸⁰ | Chronology of Debt Slavery legislation: 1776 - present: including US citizens as 'enemies of the state'⁸¹.]

I asked John Doe #3 what his views were about full disclosure about the OKC Bombing; he said that OKC bombing disclosure was not possible on its own; it was one hell of a can of worms, and disclosure about OKC bombing, would open the can of worms to all other black ops projects, down to the Kennedy Assassination and more. Not to mention that it would expose the United States, and international social contract jurisprudence as being a fraud; as based upon Masonic Phallic rule of force, that totally ignores ecological literate scientific reality and is effectively no different to the 'Innocence for Sale' Indulgences of the Catholic Church; only the Catholic Church was far more honest about their 'innocence for sale' social contract. However he was intrigued by the idea, and said he would go back to his bosses at the Pentagon and see what their thoughts were about it. We parted ways, he went East and I went back to California.

A few weeks later, he came to visit me in California and informed me that the persons he spoke to at the Pentagon were also intrigued by the idea, but it would be one hell of a

disclosure project. [Timothy McVeigh](#)⁸² subsequently went to work at the NSA, at least partially [psychotronically](#)⁸³ managing this intended 'disclosure' project.

Some of the individuals who have been psychotronically managed by NSA / KGB authorities to enable greater conscious awareness about how the world really has been working, for a long time; as opposed to the democracy bullshit people believe as to how the world works, have been, individuals whom clearly either were not cognitively conscious that they were being psychotronically handled by intelligence agencies; or if they were conscious thereof, chose to remain silent about their psychotronic handlers, for whatever reasons. They include individuals such as: Bradley (now Chelsea) Manning, Edward Snowden; Anders Breivik; Julian Assange, and my former friend [Michael C Ruppert](#)⁸⁴.

For the past 13 years, I have been working on these disclosure issues, in a [Guerrylla Lawfare capacity](#)⁸⁵; with the psychotronic help of Mr. McVeigh and other individuals from various military and intelligence agencies.

Succinctly: In the absence of implementing an Ecology of Peace social contract foundation for international law, which unequivocally recognizes that (a) Earth is finite; (b) Resources are finite; (c) When humans breed or consume above ecological carrying capacity limits, it results in resource conflict; (d) If humans want to avoid inter and intra racial, cultural, religious, ethnic, ideological etc conflict; the social contract must require everyone from all races, tribes, religions and cultures to breed and consume below ecological carrying capacity limits.

When tribes [breed or consume above carrying capacity limits](#)⁸⁶; resulting in resource conflict; economic, political and military tactics are devised by the intellectual and military elite of all respective tribes. It is no surprise that so-called 'mystery religions' arrived at the same time as [totalitarian agriculture](#)⁸⁷. A more accurate term for 'mystery religions' would be 'slavery religions'; i.e. the psychological, socio-political, cultural and specifically 'breeding war' and 'consumption war' coercion practices used by tribal elites upon each other, and their own tribal members, in the inter-cultural War is Peace resource wars. Masonic 'mystery/slavery religion' human sacrifice rituals, such as WTC Attacks and hundreds of others going back centuries; are simply a very effective 'distract, divide and conquer' elite resource thieving tactic and tool used by the elite, to distract the citizens into wasting their time endlessly to investigate endless human sacrifice conspiracy – terror attack or assassination – events; to avoid them focusing on the root ecological illiteracy social contract foundation of their slavery misery.

Current state of disclosure: [Ecology of Peace Prisoner of War Geneva Convention Amendments submission to the Swiss Federal Council](#)⁸⁸.

Various individuals related to the Oklahoma City Bombing have been invited to support the implementation of an international law Ecology of Peace social contract; i.e. to demonstrate that they are sincere root cause problem solving truthseekers; as opposed to bullshit the public verbal diarrhea parasite truth seekers; or even more simply: that they support the abolishment of [Masonic Human Factory Farming breeding/consumption war slavery](#)⁸⁹.
